### FOR ALL OF US WHO SPEND TIME IN NATURE

Nature offers many wonderful experiences for us humans, but it is also the habitat of many animals and plants. Nature is at once inspiring, indispensable, and irreplaceable, which is why we must take good care of it.

**WE GREET THOSE WE MEET AND SHOW CONSIDERATION**

**LEAVE ONLY FOOTPRINTS AND TAKE ONLY MEMORIES HOME**

**WE KEEP OUR DOGS ON A LEASH SO THAT THEY DO NOT DISTURB BIRDS AND OTHER WILDLIFE UNNECESSARILY**

**WE DO OUR BEST NOT TO DISTURB BIRDS AND OTHER ANIMALS AND WE LEAVE PLANTS FOR OTHERS TO ENJOY**

**WE AVOID DISTURBING NATURE AS MUCH AS POSSIBLE BETWEEN SUNSET AND SUNRISE**

### CLEAN WATER, CLEAN BEACHES

Blue Flag is an eco-labeling scheme that guarantees that the beach is working to safeguard our common nature and environment. A Blue Flag beach must be clean and well-maintained, have lifesaving equipment, good toilet facilities, waste facilities with sorting, etc. This all helps to ensure that everyone has a good experience at the beach.

Beaches in Helsingør awarded the Blue Flag:

- HORNBÆK BEACH WEST
- HORNBÆK BEACH EAST
- LANGEBO BEACH AT HELLEBÆK
- GRØNNEHAVE BEACH IN HELSINGØR

All blue flag beaches are marked on the map with an icon, you can also refer to Frikulturfædet for an overview of facilities.
